Summary: Demography Program Accomplishments by Graduate Students

Based on the reporting period June 1, 2014-March 31st, 2015

NOTE: The data and counts presented here are based on materials solicited from graduate students and are likely to be an undercount in some sections. The counts reported are thus the “minimum” count as of June 30, 2015.

Throughout the report graduate student names are in bold and demography faculty names are underlined.

A: Publications

22 graduate students have published at least one academic paper, book chapters
10 graduate students were sole author or lead author on 11 articles/book chapters

In total

29 articles were published or forthcoming (at time of data collection)
4 book chapters were published or forthcoming

40 articles were “under review” (24 different graduate students listed as an author; with 23 of the 40 articles sole/lead authored by graduate students).

B: Presentations

68 presentations were made at International, National and Regional Conferences
21 graduate students were authors/co-authors of 19 papers/posters at the PAA 2015
15 of the 19 papers/posters were led by graduate students; including 8 as sole authors.

C: Service, Honors and Awards

11 graduate students reviewed articles for academic journals

Honors and Awards – too many to synthesize here!
